About Coach Hintay

I am a CSU student majoring in biomedical engineering. I am currently cheering at Columbus State University. I did cheer for 14 years and counting. I did ballet in between baseball and cheer. I am trying to get my business going in car detailing. My future plans are:

- Joining the army as an officer
- Becoming a ranger
- Becoming a doctor
- Owning my own business

P.S. - The BEST coach here. :)
